Report of Principal and School Improvement Council

Throughout the 2011-2012 school year, Heritage continued its pursuit of excellence. Our committed staff continues to provide outstanding, quality learning and a loving environment. We keep our focus on moving students to higher levels of learning and self-regulation. As part of our plan for growth and improvement, Heritage continues to implement the International Baccalaureate (IB) Primary Years Program. The faculty worked hard this year to align our Program of Inquiry with both the SC State Academic Standards and the Common Core Standards. We collaborated with other upstate IB programs to provide professional development for our teachers in IB standards and practices. Through guided inquiry, students utilize problem solving strategies and meet high academic expectations as they become culturally aware and world ready. The IB Profile and Attitudes are incorporated throughout the curriculum. This helps our students excel in the affective domain. Heritage is also committed to arts integration and uses professional development experience to train teachers in our building on how to maximize instruction through arts integration. We continue our strong partnership with North Greenville University, Furman University, Clemson University and University of South Carolina-Upstate to promote quality teaching and learning through our collaboration. Heritage will continue to address the academic needs of all students. Please note our goals for improvement as we continue to provide the best possible learning environment for children. 1. Raise the academic challenge and performance of each student. 2. Heritage students will be challenged through inquiry-based experiences. 3. Heritage teachers will be trained in available technology software and hardware. 4. Develop and maintain strong, meaningful partnerships with parents. 5. Students, parents, and staff will share the responsibility for improving student learning and behavior. Respect, responsibility, and integrity will be evident.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
